To Selena, with Love Chris Pérez

One of the most compelling and adored superstars in Latin music history, Selena was nothing short of a phenomenon who shared all of herself with her millions of devoted fans. Her tragic murder, at the young age of twenty-three, stripped the world of her talent and boundless potential, her tightly knit family of their beloved angel, and her husband, Chris Perez, of the greatest love he had ever known.

For over a decade, Chris held on to the only personal thing he had left from his late wife: the touching and sometimes painful memories of their very private bond. Now, for the first time, Chris opens up about their unbreakable friendship, forbidden relationship, and blossoming marriage, which were cut short by Selena's unforgivable death.

Chris's powerful story gives a rare glimpse into Selena's sincerity and vulnerability when falling in love, strength and conviction when fighting for that love, and absolute resilience when finding peace and normalcy with her family's acceptance of the only man she called her husband. While showcasing a side of Selena that has never been disclosed before and clarifying certain misconceptions about her life and death, To Selena, with Love is an everlasting love story that immortalizes the heart and soul of an extraordinary, unforgettable, and irreplaceable icon.

C says

So here it is: the story of my life with Selena. She deserves to be remembered not only for her beautiful voice and talent as an entertainer, but as a real woman who loved the ordinary everyday things, like walking barefoot in the evening to feel the warmth of the sidewalk on her skin.

Natalie Williamson says

I was only five when Selena died--too young to know her while she was still living--but as a kid, I discovered the movie with Jennifer Lopez and I fell in love with the music and with the story of a girl and a family who came out of nothing and became stars. I don't speak Spanish, but I can sing a lot of Selena's songs by heart, and I still listen to them when I want to dance in my car and sing along. And "Dreaming of You" is one of my favorite songs of all time.

As I got older, I became more and more interested in Selena and her life, and who she was as a person. Everything you read about her is just so glowing, and to know that her life was cut short when she had so much to offer is unspeakably sad. I felt for her family, of course, since it was a family band and business, but the person I wondered most about was her husband, Chris. Their love story captivated me. I always wanted to know about their life together, and now after all these years, Chris has been kind enough to give that to us.

What I loved about this book is that it gives us a glimpse into Selena as a person, as she was seen by someone who cared about her. There were so many little tidbits in here that I've wondered about for a long time, and it was so fun to read about the development of the relationship between her and Chris. I'd recommend it to any of her fans, especially if you're like me, and always wanted to know that Chris ended up okay. We owe him a big thank you for sharing these memories.

Bee says

From reading this book I realized the authenticity of the Selena movie. The dialogue from certain scenes is the conversation as Chris writes it. Details in pictures provided in the book to things one remembers from the movie. Chris describe the memories as if they just happened yesterday! The detail in dialogue simply captivates you to keep on reading, even though you know how it ends. He leaves a beautiful picture of Selena's life and the meaning it brought to his. His final words are simply captivating and heartwrenching.

From Reader Review To Selena, with Love for online ebook

From reader reviews:
